LEARNING & VALUES
for Life

August 2011

Dear Parents,

My name is Shira Garber Strosberg and I am the new Director of Communications/Brand Manager at Schechter. Part of this role includes informing local newspapers and synagogue bulletins about the accomplishments of our students, and taking photos throughout the year to include in Schechter publications, such as *Shavuon*, the weekly electronic parent newsletter. We will also take group videos of children so that we can share the Schechter experience online with parents, grandparents, friends and prospective families.

Enclosed is a **Media Release Form**. Please print, fill out, sign and return this form to grant Schechter permission to publish news about and/or pictures of your child.

The safety of our students is our primary concern. Therefore, **please note that we never include students' names on the Schechter website or other online media**. We respect the wishes of our parents, but please know that if you check "No" on the form regarding photos and/or group videos, we might need to move your child to the side during performances that are being videotaped to ensure that your child does not appear in the group videos. We also will not include your child in the *Shavuon* "Photo of the Week," and classroom teachers will not include your child in photos for distribution to parents in class newsletters.

If you would like your student's name to appear in articles sent to your synagogue bulletin about grade-level milestone events, please check the first "Yes" on the form and indicate the synagogue to which we should send this information.

Thank you very much for your help in spreading the word out about our wonderful Schechter students. Please call or email me if you have questions about this form or photo/media coverage of Schechter and its students.

I look forward to meeting you soon!

Sincerely,

Shira Garber Strosberg

Solomon Schechter Day School of Greater Boston

Student Network/Internet Acceptable Use Policy

Solomon Schechter Day School provides a variety of network and Internet resources in support of the School's educational mission. Students are responsible for appropriate behavior while utilizing these resources, just as they are responsible for their behavior in hallways and classrooms. The use of technology at Schechter is a privilege, not a right, and necessitates responsibility. The intent of this policy is to ensure that students utilize the network in a responsible manner consistent with the educational program. The following policies are provided to guide the use of this resource.

Acceptable Use

The purpose of the computer network is to distribute services to students and staff. Services include, but are not limited to printing services, access to various software applications, and access to the Internet. The transmissions of all documents, incoming and outgoing, are logged.

Inappropriate use of technology may result in disciplinary and/ or legal action.

Some examples of inappropriate and/or illegal use are:

- Installation of any software, including freeware, shareware, and commercial applications on school computers without authorization from the Technology Manager
- Intentional viewing, downloading, or distribution of pornographic and/or offensive material such as, but not limited to text, photograph and video
- Using obscene language, harassing, or insulting others
- Violating copyright laws
- Intentionally distributing computer software viruses
- Intentionally wasting limited resources
- Using other people's passwords and/or trespassing in other people's folders, work or files
- Destruction/vandalism of equipment, system software, applications, files, and/or other network resources
- Employing the network for commercial or political purposes
- Illegal, deceptive, or fraudulent activity
- Traffic designed to tax, overload, impede, interfere with, damage, or degrade the normal system functionality and performance

Services Provided to Students

- Students will be provided a folder to store files
- Students may utilize the network to access the Internet in support of their education
- Students may print files of reasonable size
- Students will have access to the software tools they need to facilitate their Education

Cautions

It is the student's responsibility to maintain a backup copy of his/ her files.

Use of the Internet has the potential to put students in danger. Students and parents are required to read and discuss the following documents regarding cyberbullying-

- *Cyberbullying*
http://www.mass.gov/?pageID=cagoterminal&L=4&L0=Home&L1=Community+Safety&L2=Cyber+Crime+%26+Internet+Safety&L3=Keeping+Young+People++Safe&sid=Cago&b=terminalcontent&f=community_cyberbullying&csid=Cago

Both of these documents were produced and distributed by the Massachusetts Attorney General's Office

In-School Supervision of Computer Use

The network employs a content filter to help prevent accidental access to materials that are not considered productive to the School's educational mission. However, no content filter is perfect. There is always a chance that a student may view something that may be considered inappropriate while using the Internet. For this reason, as a matter of policy, use of computers and the Internet is generally supervised by faculty and/or staff.

Violations

The School reserves the right to deny, revoke or suspend user privileges and/or to take other disciplinary action, including suspension or expulsion from school, for violation of this policy. The School will advise appropriate law enforcement agencies of illegal activities conducted through the computer network. Schechter will cooperate fully with local, state, and/or federal officials in investigations related to alleged illegal activities conducted through the School's network.

If damage to the computer network or its functionality is caused by a student's misuse, the student and his or her parents will be responsible for all costs and expenses necessary to correct the damage.

Signature not required

This document is an official School policy and does not require parental and/or student signature to be enacted or valid. However, we do ask that you return the following page as acknowledgment of the receipt and perusal of this document.

If you have questions about this policy, please contact the Technology Manager at (617) 928-9105 x4522.

GEOMETER'S SKETCHPAD

(Grade 8 Only)

In eighth grade the main focus of our math course is Algebra I, however, geometry skills and concepts will also be maintained, enriched and applied. While the textbook will be the primary source for teaching and learning of algebra, we have found the software, Geometer's Sketchpad (GSP), to be an excellent source to help address geometry subjects. This software is used not only in middle schools but in our area high schools as well. This is optional software, if you choose not to purchase GSP the required assignments may be completed using school computers. We encourage you, however, to take advantage of the special offer the manufacturer of the Geometer's Sketchpad has made available to our school. For the special price of \$ 21.00 students will receive a sheet of paper with a license number along with instructions on how to download and install Version 5 of GSP.

Please see the bottom of this page for Taste Testing dates.

Meals are prepared in the school's kitchen with all kosher ingredients. Lunches are cooked from scratch and are made with wholesome ingredients with no preservatives. They are nutritious and plentiful. Meals will be provided on **Mondays, Wednesdays & Thursdays.**

Each lunch costs \$7.00 and includes a main course, a side dish, fresh vegetable, fresh fruit, hot chocolate in the winter, a cookie in the summer, and a complimentary cupcake to mark students' birthday.

Minimum meal orders: For one child: 20 meals per 1/2 year or 40 per full year. For two children: 10 meals per child per 1/2 year or 20 per child per full year. If you have more than two children interested in the program, please contact me for participation minimums at HMadebyshosh@gmail.com. The calendar below shows the lunch options for the entire year. You may choose to order for a half or a full year. If you choose to split the year, an order form covering the second half of the year will be sent to you later.

Please fill out a separate order form for each child with the information requested below even if you have done so in the past. THANKS!
